

## CURRICULUM

### MODULE 3: WHERE TO INVEST

#### GENERAL DESCRIPTION OF THE MODULE

This module is crafted to provide students with a comprehensive description of various asset types, offering a detailed exploration of their distinctive features. The main emphasis is on equipping students with a clear understanding of the characteristics inherent in different assets, shedding light on what makes each type unique. Additionally, the module delves into the meaning of risks associated with these assets, providing learners with a nuanced perspective on the factors influencing risk in the investment landscape.

Moreover, the content will elucidate the significance of risks in the context of different assets, enabling students to discern the potential challenges and rewards associated with each type. By focusing on the descriptions of various assets and the intricacies of risk, this module ensures that students acquire a solid foundation in the fundamental aspects of investment, paving the way for a more informed and confident approach to evaluating and navigating different asset classes.

#### LEARNING OBJECTIVES

At the end of this module, learners should be able to:

- identify main characteristics of different types of assets and
- understand the difference between main types of assets

#### TOPICS COVERED

List of topics included in the module:

- Characteristics of different types of assets

#### TEACHING METHODOLOGY TOOLBOX

The instructional method follows a conventional approach, utilizing a PowerPoint (PPT) presentation along with a teacher guide. The content aims to break down intricate concepts associated with investment assets, making it easier for learners to discern the distinctions between various investment options. Incorporating quizzes, group discussions, and fostering critical thinking is recommended during the lecture.

The estimation of the content length is 3 hours.

## DETAILED INFORMATION ON THE TOPICS

TOPIC	LENGTH	LEARNING CONTENTS	OBJECTIVE	LEARNING ACTIVITIES	OUTCOME
Characteristics of main types of assets	3 h	Presentation of main characteristic of different types of assets	Provide learners understanding of different types of assets, their characteristics and differences between them	Presentation of different types of assets, quiz for checking understanding of the content	Understanding different types of assets
